

## PALATINE HOST TO 300 WOMEN AT FEDERATION MEET

The first regular meeting since the organization of the Arlington Heights Federation of Evan. Women's organizations was held at St. Paul's church, Palatine Wednesday afternoon, July 20th. The meeting was well attended and successful. Similar meetings will be held in the district three times a year hereafter. The choosing of Palatine for the first meeting was partly due to the fact that it is the home of the president of the Federation and Palatine people were delighted of the opportunity to act as hosts to such a fine organization. The program opened at 2:00 p. m. with an organ selection by Theophil Voeks, followed by an invocation by Rev. Voeks. Rev. Piepenbrink lead the inspirational song service. Mrs. L. Keeman led the devotional service.

Mrs. Roy Born, president of the Ladies Aid of St. Paul's church gave the address of welcome, to which Mrs. Voeks responded in behalf of the Federation. The assembly enjoyed vocal selections by Mrs. Anna Magers, of Bensenville.

The main speaker on the program was Rev. H. L. Strach, the executive secretary of the Women's Union. His theme was: Federation, education, participation. The five points that were impressed upon the gathering pertained to the work of every local Evangelical woman in the home, the church, the community, the denomination and kingdom at large. The address was most helpful and encouraged the societies on to higher ideals. Without a doubt, everyone returned home greatly benefited.

The National Women's Union of Evangelical Women is composed of the district federations in thirty-six states. These district federations are formed by the local federations, which again are formed by the local societies of churches with pastoral circuit.

This union has a membership of 90,000 women with 1100 societies. Thus it is made possible that the womanhood of the church in the west, east, north and south of our country, and even women in the mission fields, can work unitedly in a larger field of service. The Arlington Heights Federation is formed by 22 societies, with a membership of over 1400. The societies represented at the Palatine meeting were Arlington Heights, Bensenville, Barrington, Churchville, Deerfield, DesPlaines, Elgin, Highland Park, Long Grove, Palatine, Manheim, Northbrook and Hoozler Grove.

A total attendance of 262 was recorded.

The work program is clearly outlined definite, and all inclusive in six standing committees. Each chairman spoke about the work of her respective committee. The program committee chairman, Mrs. C. A. Roth of Highland Park spoke on information and education. The study of personal, home, congregational, moral, social, and kingdom program, by means of the monthly

## MORTON GROVE

Teresa Lochner of Oak Park visited relatives and friends here Sunday.

Marie DeSalvo is spending two weeks vacation in Chicago.

There will be 40-hour devotion at St. Martha's church Friday, Saturday and Sunday. An extra priest will assist during these days.

Edward Meier and two sons and Joseph Meier of Chicago motored to Wood County, Wis., leaving here Saturday morning and returned early Tuesday morning. They visited Henry Lochner and Frank Schultz at Arpin and Wm. Proesel of Auburndale. Wood county is an excellent dairy country, most of the milk is shipped to Chicago, but there are also several cheese and butter factories. Corn and grain crops have suffered on account of excessive rains. Hay and pasture is fine. The soil in this county is rich. Corn is grown only for silage in fact hardly any farm products are shipped out, everything being fed to dairy cattle. Nice farm homes, large barns and silos are the rule all over the country. Many farm homes have their private electric light and water plants.

Martin J. Tierney is operating the former Sunset Tavern, on Waukegan Road near Dempster street, the formal opening to be Friday and Saturday evenings July 22 and 23.

A new airplane field has been established on the north side of Dempster street, west of the railroad. Special interest attaches to a new experimental monoplane being on trial by the Anderson Airplane Company, at this field.

The eleven planes which were seen flying in formation over our village Tuesday were found to be the two Pacific flyers, Maitland and Hegenberger, who were being escorted from Chicago to Milwaukee by nine planes. The return trip was made near the North Shore district, passing over Evanston.

Dempster street is closed between Theobald road and School street, during sewer construction, resulting in a much increased traffic for those two streets through the village.

Peter Gable is painting his house on School street.

Mrs. Rich Weight and Mrs. Dan Kenny both returned home from the Lutheran Memorial hospital Wednesday.

Mrs. Henry Fink and sons Harold and Eugene will leave Tuesday July 26, for Tucson, Arizona, to visit a month with her daughter, Mrs. I. Dilg. Mr. Fink is not going here as it is not enough for him right here.

St. Paul Park was crowded Sunday July 17, with the Oakland Pontiac Co. picnic. Several small picnics were held in Wayside Inn Park.

Mrs. Angel Orphan is driving a new Commander model Studebaker car.

The Welfare club is preparing a nice display for the parade Morton Grove day, August 17. Fancy hats of attractive design are being purchased for the school children, also a new American flag, which, with the school banners, ought to provide an effective display.

A formation of what appeared to be army or navy airplanes went over the village at 11:30 a. m. Tuesday, they were formed in groups of three each, with two in the rear.

Mrs. Fink and sons, of Georgian street will arrive in about ten days for Arizona to visit Mrs. Irwin Dilg, Mrs. Fink's daughter.

Irma Jahn has returned from a Chicago hospital, where she had a tonsil operation, and is doing well; Maida Sigel went to the same hospital at the same time for the same purpose; both are about the neighborhood again, and glad to be home.

The block of Crain street just east of school is improving rapidly a year ago there was but one house on this street, east of School St.; today there are nine, three in process of construction, and all others occupied.

Dr. and Mrs. Cowen have moved into the first apartment of the Kirsch building on Callie avenue.

Mrs. Charles Mueller, and son Charles, Jr., Mrs. Emil Harms and Mrs. Harry Mueller with their children expect to start Saturday to spend a month in Ernest Kruse's three-room cottage well screened from flies and mosquitoes at Cheek, Wis., east of St. Paul, Minn.

Mrs. Harms will take the party in her Ford and as she is the only chauffeur in the bunch will drive the entire 450 miles each way. They expect to spend one night each way at Stevens Point. We hope they have fine weather, good roads and no auto trouble going or coming and wish them a happy vacation.

The Welfare club will buy fancy paper caps and a handsome U. S. flag for the public school so the children can make a grand display at the Morton Grove day picnic on Aug. 17.

We notice Mr. Wm. Hirsack is sporting a new Durant.

Miss Frances Heedte visited relatives in Milwaukee over the week-end.

The Jerusalem alleys have been scraped and put into first class shape for the coming season. The bowling league is being organized. A larger league is contemplated. If you wish to get into the league speak to one of the old captains or better get a team yourself and come in. Bowling is to begin the first week in September.

Mrs. J. Hoffman and Mrs. Heidtke called on Mrs. Richard Weight and Mrs. Dan Kenney, near Kirsch, at the Lutheran Memorial hospital. They report that the patients are doing well and will soon be home.

## Better Than Any Salesman That Walks

The Arlington Heights Motor Sales has discovered the cheapest and best salesman to be found. Mr. Dahm inserted in our want ad columns an advertisement offering four used cars for sale which appeared in Tuesdays issue being in the mails Wednesday morning. However Thursday morning, 24 hours later, found only one car left, having sold three. Some of you high powered salesman step up and beat this if you can and for only a few cents too. At that rate a salesman would have to sell six cars before he could afford to buy his next meal.

## Burial Service For Motorcycle Police Killed On Duty

Mr. Herman Gaare, who met his death while on duty as motorcycle policeman in Arlington Heights early last Monday morning was buried Thursday in the family lot in the Southside cemetery at Palatine. The funeral services were held at the home on Smith street and from there to St. Paul's church which was filled to overflowing with friends from both Arlington Heights and Palatine. Rev. Voeks was in charge of the services. The many floral emblems from business men, officials and others paid silent tribute to the sacrifice that this man had made.

While following a speeding car shortly after one o'clock Monday morning he crashed into a Ford truck that had entered the highway between the speeder and his motorcycle. Injuries received were so serious that he died a few hours later at the Palatine hospital. His age was 21 years, 10 months, 14 days.

Herman Gaare, son of Henry and Minna Gaare, was born in Palatine, Sept. 4, 1905. He was baptised and confirmed at St. Paul's church. He entered the position as Motor Cop at Arlington Heights only two weeks before his accident. He leaves to mourn his parents and six brothers: Henry, William, Edward, George, Charles and Otto; three sisters, Elsie, Bertha and Clara and other relatives and many friends.

Mr. Gray, president of the Yellow Cab Company, made a special trip to Arlington Heights Tuesday afternoon for the purpose of personally handing to Chief Skoog fifty dollars to be used as he saw fit for flowers or otherwise in memory of Officer Herman Gaare who was killed last Monday morning when following a speeder. Mr. Gray stated that he had become personally acquainted with Mr. Gaare in his official capacity as guardian of the highway and that his heart was touched when he learned that such a faithful officer had met his death in the performance of his duty. Mr. Skoog accepted the money and has turned it over to the family. Mr. Gray passes through Arlington Heights rather frequently upon his trip to his summer resort and thus is familiar with the highway patrol forces.

## Know Illinois

Illinois is the second state in the Union in the manufacture of brooms. Thirty-seven plants and 570 persons are employed. Salaries average total \$711,000 a year annual value of product about \$2,700,000. The first state in this industry is New York.

Illinois is second among all the states in the manufacture of rag plants employ 469 persons. Salaries and wages total \$628,000 yearly; value of products \$1,514,000. The only state ranking higher than Illinois in this industry is Pennsylvania.

## ALTENHEIMFEST OF LUTHERANS CHICAGO DIST.

By Rev. Fricke

It was a big day for the inmates of our Old Folks Home and for the Lutheran Christians of Chicago and its suburbs. According to a conservative estimate 6200 Lutherans had gathered together from near and far to celebrate the annual festival at the home. Two splendid and inspiring services were conducted under the shady trees of the grove. Due to the installation of a battery of loud speakers by the Chicago Daily News immediately above the platform, it required a minimum of vocal force on the part of the speaker and a minimum of ear strain on the part of the audience. The slightest inflection of the voice was carried to every part of the mighty gathering. During the morning service Rev. Simon preached an effective German sermon on the text, Gal. 6, 7: "And let us not be weary in well doing: for in due season we shall reap if we faint not. As we have therefore opportunity let us do good unto all men, especially unto them who are of the household of faith."

During the noon period our splendid Arlington Heights band entertained an appreciative audience with a number of choice selections. Director Landeck deserves to be complimented on the fine musical organization he has whipped into shape and the boys deserve honorable mention for their efficient work.

The lunch, fruit and cold drink stands did a rushing business process. The huge crowd with the necessities and the sweets of life.

Before the beginning of the afternoon service the crowd was greatly augmented by new arrivals from Chicago and suburban points. Every seat was occupied and quite a number were compelled to remain standing. Rev. O. Geismann of the Lutheran church in Oak Park then delivered a masterful sermon on a text from the sermon on the Mount, Matt. 5, 7: "Blessed are the merciful, for they shall obtain mercy." On the basis of the text he pleaded with his audience as followers of the Master to devote their lives to the cause of merciful service in the interest of suffering, sinful, aged, unbelieving mankind. The sermon evidently struck a deep and responsive chord in the hearts of the listeners, judging by the record collection lifted upon its close.

Our Lutheran Old Folks home indeed deserves our warmest and most liberal support by reason of its impressive record of service rendered to our weak and desecrated brothers and sisters of the faith. May we never grow weary in well doing: for in due season we shall surely reap, if we faint not.

## St. Peter's Church Notes

Pastor Naack has left with the faithful Naack car on an extended trip for points east and north. He indeed deserves this necessary relaxation from the routine of office and we hope to see him in our midst again refreshed in body and mind.

Pastor Fricke will conduct the double header Sunday at the usual time: German service at 9:30, English service at 11:00. The English sermon will have for its subject: Practical Christianity. There is much indifference and lukewarm Christianity in the church today, which fails to show its power in daily life and conduct. Pastor Fricke will demonstrate in the sermon that true faith demands a life of good works and Christian service. You are welcome at our church.

## NILES CENTER

Mr. and Mrs. Kretsch, now residing near Oakton street and Gross Point road, have a baby boy born Sunday.

Miss Blanche Gay, formerly a teacher in South Niles Center, was the Sunday guest of Mrs. Flo Freund. At present Miss Gay is employed in a doctors office in Wilmette. She hopes some day to journey to Hawaii again as she enjoyed the wonderful climate there and would also have the pleasure of visiting her sister Jessie who is now married.

Mrs. Rohland Pettersen and children of Elmhurst visited several days with her mother whose birthday was July 18.

Mr. Robert Kasten's little grand son Clifford Ide who broke his collar bone is doing nicely.

Harry Albert Paul, son of Mr. and Mrs. Paul Pingel of Chicago, was christened Saturday, July 16 in St. Paul's church. Sponsors were Gertrude and Anna Kelch and Rose Mueller.

Emil Eggert and family attended the funeral of his cousin Dr. W. Spangenberg in Chicago July 16th.

English service in St. Paul's church Sunday at 10 a. m. No service July 21.

Miss Camilla Fromhold is spending a week at Lake Marie with her brother who has rented the Langfield cottage.

Mrs. Louis Geipel and daughters from Michigan spent last week with Mrs. Emil Eggert.

Mr. John Raehl on Galitz avenue is remodeling his house which has been moved one lot east of Park avenue. Foundation was started on July 20th.

Miss Marie Holzie of Valparaiso is spending the week with friends in Niles Center.

St. Paul's S. S. picnic July 31 in Landerer's Grove.

Miss Belle Hufmeyer is convalescing slowly from an operation for a ruptured appendix.

Mrs. George C. Klehm and Miss Ruth Olson motored to Rockford Wednesday to make arrangements for outfitting the room the two young ladies expect to occupy when they start to college next September.

Mr. Charles Jarmuth, who lost his life when he went to rescue his wife who called for help as the undertow in Lake Michigan at Gary Beach was trying to pull her under last Sunday was buried at Beverly Hills, Wednesday. He was a nephew of the elder Jarmuths of this community.

Niles Center is growing faster than ever this year. There are lots of buildings in the new subdivisions as well as the old town. The electric railway with local trains every 1 1/2 minutes from early morning to midnight and every half hour thereafter draws residents and business here. People will be surprised to see how this town booms.

Mrs. Emil Eggert had company from South Bend, Ind., several days.

Mrs. Florence Freund and mother, Mrs. G. C. Klehm motored to Milwaukee Friday to visit Mr. and Mrs. A. Harms who are now living there.

Mrs. Loesser and sons called on Mr. and Mrs. T. Isenmann one day last week.

Mrs. Erna Schmidt visited her sister Mrs. George Tess Thursday.

Miss Alma Siegel returned home Thursday evening from her vacation trip.

Miss Renke is spending part of her vacation with Mr. and Mrs. E. H. Harms at McHenry.

Jack and Jim Baumhardt, twin sons of Mr. and Mrs. Peter Baumhardt, are visiting their aunt, Mrs. Osgood at DesPlaines.

Mrs. E. T. Klehm returned Sunday from her visit with Mrs. E. Harms at McHenry.

Misses Irene and Mildred Tess, Viola Kruse and Evelyn Meyer are back from their vacation jaunt.

## WALTHER LEAGUERS GATHER AT ST. LOUIS FOR BIG CONVENTION

On Monday morning at 8:45 Mr. A. A. Grossman, President of the International Walther League, called to order the 3,000 Walther Leaguers from all parts of the United States, Canada and Foreign Countries, for the first official Convention session. The devotional exercises were conducted by the Reverend A. P. Feddersen, Official Convention Chaplain. Mr. Edward Boenig, President of the St. Louis Walther League societies welcomed the out of town visitors to St. Louis and requested that they avail themselves of the well known St. Louis Hospitality in the name of the St. Louis Walther Leaguers. He thanked Washington University officials for their courtesy in permitting the use of the field house for the convention and the Francis gymnasium for the placing of the exhibits.

## President of Walther League Delivers Address

Mr. A. A. Grossman, the president of the International Walther League delivered the opening address. In introducing his message Mr. Grossman said, "Ordinary things done extraordinarily well," this briefly sums up the work of the majority of the members of the Walther League and of the organization itself during the year, the close of which is marked by this convention."

In following this train of thought Mr. Grossman took up the different activities of the League during the past year; pointing to the numerical growth, to the sound condition of the League's finances, to the enlargement and greater circulation of the Junior Walther League Messenger, and the Senior Walther League Messenger, to the hospice work and to the various educational and mission programs as sponsored by the League. He emphasized the fact that in all departments the ordinary work had been done "extraordinarily well." He expressed sincere thanks to all officers and fellow leaguers for their loyal cooperation and for the opportunity and privilege of serving such an organization as The International Walther League. This service, according to the retiring president was not a hard duty but rather a pleasant privilege. He stated "all who have followed the work of the Walther League expect great things. It has been a powerful force for good in the past and even greater opportunities lie in the future." He expressed no fear of the League's going on as it would continue to hold aloft its scriptural ideals, follow its consecration for humble service and use wise discretion in the choice of future League leaders.

Having owned St. Paul Park, in which were held many Sunday school picnics, sometimes consisting of more than 30 carloads of people, I take pleasure to mention some of its merits. Nature has provided, along the north branch of the Chicago river more varieties of hardy natural forest trees than on the DesPlaines river. Many years ago I planted box-elder, Lombardy, poplar, Carolina Poplar, locust and catalpa, which are now large and thrifty trees. There is an open treeless space for baseball and other sports; the forest on the south has large trees (about 10 acres) lower limbs all cut off, underbrush cleared, which is suitable for camping. There is a well opposite the large pavilion 21 feet deep, incased with hard brick, with a 2 inch iron pipe reaching down about 100 feet to a gravel bed with an inexhaustible supply of water as pure and sweet as Waukegan. Owing to the discontinuance of picnics, this pipe which yielded sufficient water for all picnics, choked up. If a 6-inch pipe were extended to that gravel bed and an iron pipe put in it, it would furnish healthy, sweet water for the future.

The main sewer of Morton Grove is at the entrance to St. Paul Park. A catch basin about 100 feet east of the pavilion would take away all the accumulating water and the ditches could be filled with ground. The toilets could be connected with the sewer and offensive odors eliminated.

There is so much agitation for improvement along the DesPlaines river and beyond, that it seems we are neglected and are not getting a fair proportion for improvements on the north branch of the Chicago river.

Most respectfully submitted,  
George C. Klehm.

Report of Executive Board  
In submitting the report of the executive board Mr. E. J. Gallmeyer gave an optimistic presentation of the League's financial standing. He stated that the business office had been placed at this time upon a sound financial footing. He mentioned that the Walther League Messenger, the Official publication of the league was now a self sustaining magazine with a larger field of activity \$19,000 in dues and \$12,000 for Greater Service Work were raised during the past year for carrying on the League's activities.

## Offers Suggestion For Traffic Relief

Mr. George C. Klehm, of Niles Center, in a letter addressed to President Cernak of the county board, offers suggestions for relief of the traffic that at present uses Dempster St. and Lincoln avenue. Mr. Klehm suggests the opening of a new bridge across Chicago river and a street to Telegraph road and ultimately to Milwaukee avenue. A copy of the letter follows:

Niles Center, Ill., July 19, 1927.  
Hon. Anton J. Cernak, Pres. of Commissioners, Cook Co., Ill.

Dear Sir:—The congestion of traffic at the crossing of Waukegan road and Dempster street has caused many accidents, and, so far, no way has been found to better that condition. About a block east of the river bridge at Morton Grove about one-third of the traffic follows Dempster street toward Evanston and the other two-thirds turns south and enters Lincoln avenue about 2 blocks from Dempster St. and follows Lincoln avenue thru Niles Center toward Chicago. Lincoln avenue stops abruptly at the entrance of St. Paul Park, eighty rods south of Dempster street. If a bridge were built across the river and a street laid out to Telegraph road and eventually to Milwaukee avenue, the traffic congestion at Waukegan road and Dempster street would be remedied. The Forest Preserve owns St. Paul Park and the adjacent land to the west to Waukegan road, except a small strip on the south side of Dempster street. There are knolls and high lying ground sufficient to fill the lower stretch of bottom land for a good street.

Having owned St. Paul Park, in which were held many Sunday school picnics, sometimes consisting of more than 30 carloads of people, I take pleasure to mention some of its merits. ## SEWER PROJECT FOR HEIGHTS MAY COST A MILLION

The comprehensive new sewer system for the village of Arlington Heights that has been "in the making" for the past two years, is ready for its presentation to the village board and tax payers. Village Engineer Allen has submitted to the board a revised plan, which, if carried out in full will cost in the neighborhood of a million dollars.

The Board of Local Improvements will consider the plan and will call a public mass meeting before any definite action is taken. The plan is very comprehensive and provides for the erection of a sewer disposal station south of the Russell bridge upon the Kirchhoff farm. This disposal station, instead of being an eyesore and a nuisance, which many of such stations are, will be used in a building of architectural beauty. The cost of this station would be about \$65,000.

With the erection of this station the present outlet would be carried to new equipment.

In the revised plans all of the drains would be underground and provides service for all property with the corporate limits. The problem to be considered by the board is whether the entire system will be put in at this time, or part of it delayed. A second alternative would make the outlet in Elk Grove. In the former instance some arrangement would have to be made with the Weller Creek Drainage district, which includes the village of Mt. Prospect. There is some newly subdivided land within the latter village that would naturally be drained into an outlet that would be extended to Elk Grove. There is again the possibility that Mt. Prospect might join in the disposal station, for which village has not yet made any provision.

It is too early to announce the probable assessments to the lot owners, except that all lots in the village will receive at least an indirect benefit.

## HEARING ON ZONING IS ANNOUNCED

The long promised zoning ordinance for the Village of Arlington Heights is out to become a reality if the general public so express their approval at a public hearing which has been called for Wednesday evening, August 3rd. The zoning board is composed of A. F. Volz, L. B. Wayman, H. J. Thal, N. M. Banta, W. F. Meyer, Jr., Theo. Militzer and Dr. B. T. Best. This board filed its report and proposed ordinance with the village board Monday evening. This public hearing is the next step. Approval of the ordinance by the general public will mean its passage by the board. Copies of the ordinance can be obtained at the office of the village clerk.

The question of adequate village water supply was another matter that came up before the village board Monday evening. The proposal was made that the present well be screened in an effort to increase its supply. The committee was granted further time to act.

No action was taken upon new street lights, and this committee was also given more time. Mayor Flentje has secured assurance from the owners of the present gas lights that they would continue the service from month to month as long as desired without a renewal of contract. The official minutes of the board follow:

Meeting called to order by President Flentje on Monday evening July 18, 1927, with all trustees present.

Minutes of last meeting were read and approved.

Police committee reported the death of Police Officer H. C. Gaare and offered letter of condolence which on

Mr. and Mrs. Geo. K. Volz are upon a tour of Yellowstone Park. They are visiting many other points of interest, among which is Pike's Peak. A copy of the Pike's Peak Daily News containing the list of the arrivals on July 10, at the "Peak" has the names of those two Arlington Heights residents. There were several hundred who made the ascent that day according to the list published. In another column we note a list of about 40 who walked up the mountain of which the altitude is 14,109 feet. They are called "footpads." George's name is not among the "climbers."

We suppose that the only thing that kept him from making the journey on foot was the fact that he did not like the nickname given to the people who have enough to attempt such an undertaking.

## Arlington Beauty Shoppe Open for Business at Once

The Arlington Beauty Shoppe, in the Krause building, was all aglow with sweet scented flowers Wednesday, the best wishes of friends in the success of Arlington Heights latest beauty parlor which opened its doors for the first time that day. The proprietor is Mrs. Mae Shepard, who has had many years experience in Chicago and Wheaton. She is also experienced in permanent waving and has a Universal machine giving the steam oil permanent. The shop itself is very attractive. Its equipment consists of the latest for facial and coiffure work. The electric violet ray is available for facial and scalp treatments. Brushes and combs are all sterilized and Mrs. Shepard is looking forward to a good patronage. To introduce her work to the ladies of Arlington Heights, she is offering specials upon certain days. Mention of the first of them will be found in the Arlington Heights news columns.

## Fire a Serious Disease

The fact that the United States annually builds with more than half a billion dollars' worth of property a funeral pyre on which are sacrificed 12,000 of its citizens, should force us to recognize that prevention of such terrible waste of life and property is one of the major problems of the country.

After unlocking vast stores of wealth by our methods of efficiency in industry and business, it is worse than mockery to permit carelessness to turn in and destroy not only a substantial part of this wealth, but also thousands of priceless lives along with it.

Irving T. Bush, of New York, declares that the country should put fires in the class of preventable diseases; as, for instance yellow fever. Medical research and skill finally located the cause of that plague and stamped it out. Skilled fire prevention engineers could take the place of the medical scientists who blocked yellow fever. Certainly anything that takes the lives of 12,000 persons and more than half a billion dollars' worth of property a year in one country, must be treated as a serious disease.

## OBSERVER'S NOTES

There's something superbly entrancing When you—your whole pile are chancing On one grandiose whale of a bet: But—my son, don't ever forget Old ruin is swiftly advancing And sure as guns he'll have you yet!

O, yes, fellows do win bets, and get big sums of money just like that; but tell me honestly, did you ever know anybody who got on very far by betting. You say everything we undertake is a game of chance. To a certain extent yes. Even the farmer takes a gamble, when he sows a field of wheat. Yet he has faith to believe he will reap a harvest.

And if he loses one crop there will be another. Besides if he loses no other person suffers through his loss or gain. If you win a bet another loses and suffers through your gain. Gains gotten by chance soon vanish. "There is no gain, without pains." Lotteries, games of chance, getting something for nothing, are all dangerous, though I'll admit mighty alluring to most of us.

What's the use of talking about "betting" and taking chances? We're all in it. Not a property owner or a home supporter who did not take a good big chance, when the farmers sold those farms for that "world's greatest race track." The only way to obviate any harm that might come through its coming to make Arlington so prosperous, and its business interests so paying and safe, there will be no temptation for anyone to indulge in "chances."

You just wait until Commissioner Busse gets home from Europe, and he will tell us just how to get our "public park, and zoo, like as not he will hear of that new creature man has "descended" from. At any rate I feel sure he will intelligently make note of the way they care for trees, and preserve sacredly their forests. Oh, there's many things we may profit in learning from the Fatherland, and the motherland. And Mr. Busse will tell us all about them when he gets home.

Don't you worry about our realtors; though just now they may not be making any great changes on

the landscape. It has come to one of those periods in Arlington Heights growth, when it is wisest to sit "still and saw wood." One of these fine days you will waken with a wild start to hear of some big boom real estate transaction. Some alert realtor has pulled off. O, don't you worry, I do think next to being a bishop, as the Irishman wanted to be, I'd prefer being a realtor as such "a nice easy job."

The Literary Digest last week had a most interesting article about the flood region and the work carried on there under secretary Hoover, and his helpers. A picture was given of "eight young Americans" snatched from the flood, and behind the group stood the man who directs the work. Is this angry gesture of the Great Father of Waters to become a means of washing away race hatred, and race prejudice? In the rescue work all are served alike. Under Hoover, color, class, and section are lost in the waves of overwhelming human need. No distinction is made. No one of the noble workers has any such impulse.

In this same article, Mr. Gordon Reese, rector of Holy Trinity Church in Vicksburg, a northerner who served with the fighting forces in India and knows somewhat of men. After setting out from Vicksburg with the first rescue parties and after doing his bit, a rough bit, he brings back a report of more heroism than he "saw among the British or Canadians in the war." The behavior of a soldier, spurred on by the enthusiasm of shouting mad comrades, may be vastly different from the behavior of that same man, who finds himself drowning in an overflowed forest. No music. No glory. Strangling death!

Illustrating this heroism, this incident of a group of negroes is related. "When tidings of disaster reached us, every Vicksburgian that could grab a craft got ready to go. The gas boat chucked which carried Mr. Reese, went plowing up stream towing a barge load of provisions. The sun flower, tributary of the Yazoo, was rising rapidly. On the railroad embankment stood a small section house, two or three feet under water, the embankment being wholly submerged. Here they discovered 37 negroes, all men, jammed into that narrow space, without the slightest notion how they were to get away, or how much higher the water would mount. Their situation seemed so precarious Mr. Schlemmer the captain of the chucked told them 'boys I'm loaded with food for starving people at The Bogue, but I'll throw it off and take you aboard, or I'll deliver these rations and come back after you tomorrow.'"

Tomorrow, a long vague distance in the future when that ravenous river was climbing every instant. Already the negroes had been stranded for three days, subsisting on cold stuff out of cans, nevertheless one blank fellow promptly answered "No, suh, Cap, you better just travel long wid dat grub, us can wait here." There was no dissent, no growling, and the chuckle left them. You know the sequel, the water swallowed them up! There is a picture of Mr. Coolidge in the Digest to weeks ago, proudly showing his "catch" out in that Black Hills stream. Wonder which would "catch" most votes, just supposing either man wanted votes—Hoover's eight children "caught out of the flood," or Mr. Coolidge, catch of fish? See the pictures!

Beg pardon, for quoting so much I feared you might not chance to read the Digest. Just to change the subject to something comically pleasing here in the meadow. Last evening just after the sun had slipped out of sight in that zorrogeously spread western sky, a hen came out of the shrubbery cackling in fright and about the same time a half grown bunny rabbit appeared on the scene. He ran for a drink from the birds basin by the well. Then he ran round in a circle once or twice turning somersaults and leaping, jumping and whirling about just like a kitten. It was the first time I ever saw a rabbit play just like that. I wish all our boys and girls had been here to enjoy the "movie" of a bunny at play. I'm sure some of it, was to bother the hen. We do find so much that is delightful in the meadow. The birds scold if we go

near their place of residence. The bunnies play all about us, and the more we shield and preserve the native wild flowers the more they crowd closer and closer about us. A crimson poppy seeking a place to grow came up through a slump of violets, a flame of red.

A clump of violets Past its early blooming Wreathed 'round a poppy bright, Its glossy leaves all unassuming Upheld a flame of crimson light. A golden warbler aGly trilled and flitted Where noisy blackbirds scream A lad unwisely called By some half witted, Paused, listening to dream. Out in the circle, red field lilies Peer over daisies white, Where clover blooms in tangled masses Spill fragrance on the night. We gave an inch, To saucy brown eye dsusan, With crowds up to our door, Today she comes Their golden lamps in shine The sun surrises, They need no drums, Violet your poppy Torch upholding Fiel dillies wild flowers tall Mock birds and robins Birds shrilly scolding Have we no rights at all?

Do you know this same wild so-called Tiger Lily is the same Lily Our Lord referred to as "the Lily of the field," and it grew wild in the fields about Palestine. Not to advise being clothed "as the lily of the fields," nor yet "as Solomon in all his glory." It is an excellent thing to be well appareled. As Saerties father said, "For clothes do of bespeak the man." In being so appareled you will act wisely if you consult our new tailor, who has by a touch of good fortune, secured the finest fabrics and most superior grades of material for men's clothing in the market or on wholesale counters.

Here comes Mr. Henry McElhose from New York, one time a resident of Arlington Heights and still holding a place in the esteem of many now here. And he says Arlington Heights certainly has grown marvelously. He furthermore admits it appeals to him as a pretty good sort of place to live. Better come back to the old home town Henry. Some of your own have put down deep roots, and prospered among us. Yes, it's a good place to live in Arlington Heights.

Yes, the world is a small place after all, as our aviators are so numerously demonstrating. Sweden is far away over the waters, and yet last Sunday two of our new Swedish neighbors Albin Wieburg and Albin Flodin met for the first time and it fell out that Mr. Wieburg knew well Mr. Flodin's brother in Sweden. A pleasurable surprise, and a new bond in neighborhood this discovery made by the way, there are many Swedish families finding homes in Arlington Heights. Staunch dependable citizens they are too.

They are telling us our great American artist, Sergeant's ghost walks. Look here, you essay to be artists, if Sergeant is coming back to frighten those people over there, its to try to prove to our American artists they should stay at home, and find the most beautiful subjects to depict on canvas, right here in America! Give us those state old world scenes when all about us is the picturesque the wonderful, most beautiful scenes on earth.

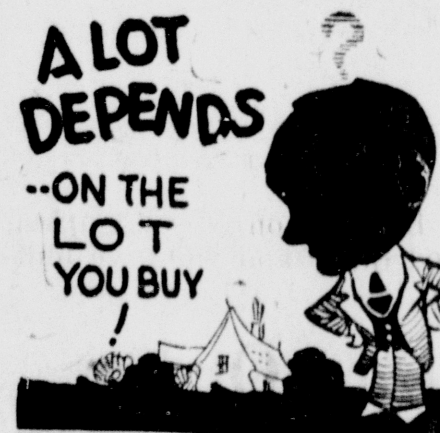

Ever notice how quick people are to call a young woman who has not married an "old maid?" No matter what a poor card they drew in the lottery, or how much they rely on the support and help of some happily unmarried sister, they are all the more ready with the taunt. Marriage is right, when all about us is rule its consummation. If these are absent-then all honor to the one who dares avoid any other than high ideals in marriage.

They call me an old maid While I quite debonair Well off—and undismayed Don't give a care.

So many I well know Married—are discontent They come their petty tales to tell Of naggings at home spent.

Two of these married men Who to me once proposed But I—world wise e'en then, Quickly of them disposed.

I hear their tales of woe Some sympathy I spare Yet often just before they go They fling that "old maid" flare. When they my help desire, They call me an old maid

Think! Arlington Heights is growing. More people means more homes—more homes means more stores. We have some choice business frontage, dwellings and farms for sale on E-Z terms. Stop in and let us give you some information regarding them.

## PALATINE

The Oltendorf home presents a pretty sight to all who pass by it, but those who have the privilege of entering the garden proper at the rear of the house best realize the immense amount of work that has been done. It not alone keeps one man busy gardening, but it needs a girl almost full time to keep the flowers picked so that they will continue blooming. Among the latest improvements made by Mr. Oltendorf is a high woven wire fence around the sides and rear part of his lot. This fence needed for several reasons, one of which is to keep would be fishermen away from his private fish preserve. He has millions of fish and they are not all small ones, either. Feeding time is a great sight in the Oltendorf waters. The owner is raising his own evergreens. Almost every garden flower is to be found upon his place to say nothing about fruits and vegetables. The landscape work has been designed by Mr. Oltendorf himself. The swimming pool is one of the most popular places in town or the young people o that neighborhood.

Geo. Stange, who erected the corner store opposite the Swanson gas station on Chicago Ave., moved to Palatine two weeks ago and is getting things in shape to open his refreshment parlor in about two weeks.

Wm. Abelman and family of Elgin were Palatine callers Wednesday.

Mrs. Rose Huecker and Mrs. Keer of Elmhurst were visitors this week at the home of Emmaline Godknecht.

Palatine people regretted to hear Wednesday that Henry Godknecht, a former Palatine boy and son of Mrs. Margaret Godknecht, had been instantly electrocuted the previous day in Portland, Oregon. Mr. Godknecht was working at his trade as a tinsmith upon the roof of a new building. Electricians in some way lowered a "hot" wire which came in contact with Mr. Godknecht. Deceased was born and raised in Palatine and was employed by Reynolds & Zimmer.

He went west about 25 years ago and has returned here on visits occasionally. He leaves a wife, His brothers, Adolph and Will, left Wednesday to Portland to attend the funeral.

The Palatine scouts returned from camp last Saturday a happy lot. There was not one but who wished he could have stayed longer. A number of boys won a number of honors, while at camp, a list of which will be published later.

### Before the Railroad

The old stage coaches often attained a speed of ten miles per hour, the number of hours traveled in a day depending upon the nature of the country that was traversed. Redding Bunting, a famous driver, established a record when he traveled 131 miles in 12 hours. Long distance coaching was frequently necessary in carrying important messages.

### NORTHBROOK

**Northbrook Day August 13.** Arrangement for the usual registration booth will be made. Donations for same are looked forward to with the same generosity as in preceding years.

### Real Estate Market Active Says Realty Co.

The Arlington Realty Co., report a number of transfers of local property. They find that the Chicago subdividers are not doing all of the lot selling in this vicinity.

Alvis Tins has purchased two lots of Wm. Guild on North Evergreen.

Henry Helvig of Elk Grove has purchased a lot on South Mitchell of Martin Kamps. He expects to erect a home for himself.

Edwin H. Meyer has purchased a lot of Frank, Sauer on South Walnut and expects to build.

The same company negotiated the purchase of a house and three lots by O. G. Barret from Frank Sauer.

L. G. Chatlin of Chicago, has purchased three lots of Regina Annen in the Mitchell subdivision. He will first erect a garage, to be followed by a residence later.

Geo. Lagerschulte of Barrington has purchased by Mr. Miskelly, 3 acres and buildings in the Plum Grove development in Palatine.

Mr. Lagerschulte has traded a two flat building in Jefferson Park for other property.

Mrs. Keney has traded a house and lot in Fox River Grove for lots in Barrington.

The Arlington Realty Co. have offices in both Barrington and Arlington Heights and have a large number of listings.

**Business Licenses  
Are Again Given  
The "Once Over"**

The board of directors of the Arlington Heights Business Men's Association met Tuesday evening, when they considered many matters of interest to that association. A definite report on the July 4th celebration is expected by Thursday night.

The business licensing was given a lot of attention and C. M. Behrens was authorized to present a completed ordinance to the next meeting of the association. There are many problems to be considered by such an ordinance. Mr. Behrens has had copies of similar ordinances of neighboring villages and is doing his best to pick out the best of each one. The business men have placed themselves on record as being willing to pay licenses in order that the village should have an increased income, but they ask that residents of the village in general be ready to reciprocate. Outside contractors coming into Arlington Heights, will likewise be required to secure licenses.

Frank Sachs was elected as a member of the board of directors taking the place made vacant by the resignation of P. J. Mors.

### Another Golf Course Near Roselle Soon

The vicinity of Roselle may have another golf course. This time it is two miles north of that village. The Arlington Realty Co. is handling the negotiations, which have been temporarily interrupted by the death of one of the Chicago parties interested. It is expected, however that the plans will be carried forward.

### Morton Grove Locals

### MANNHEIM

There should be an ordinance to have the property owners on the east side of Mannheim road to build concrete sidewalk from Mannheim to Grand avenue, as the little school children have to walk between all the autos on the main highway, and people who go to the Grand avenue buses have to walk on the highway, it is a shame that the 19 year old girl was killed here by an automobile. Human lives are worth more than all the other improvements and the sidewalk is as necessary as any improvement. Sundays and holidays average 7200 cars pass here in a 10 hour day.

### Goal Set at \$15,000 For Subscriptions to M. E. Remodel Fund

Members of the building committee of the Palatine M. E. church start this week making the "rounds" of the church constituency and its friends in an effort to raise \$15,000 needed to rehabilitate the present church building and to place it upon a par with the other church plants in Palatine.

Voluntary subscriptions were received from a goodly number before any general solicitation was attempted. Three subscriptions for \$500 each dependent upon a total of ten such subscriptions being secured were announced at the church meeting Wednesday night. Five subscriptions for \$250 have also been received; under similar conditions, the opportunity will be given to extend subscriptions over a period of five years, where subscribers so desire.

All pledges are accepted under the provision that they do not become operative unless a total of not less than \$12,000 is pledged. No attempt will be made to make the improvement unless the pledges reach that amount. A total of \$15,000 is wanted. The money will be used to remodel the basement of the church, install a modern heating plant, purchase a pipe organ, decorate the church building and make needed improvement in the parsonage. There are a number of new residents to Palatine, who will be of material help to the local church. The church board and its pastor feel that the Palatine M. E. church with its present inadequate plant cannot do its rightful work in Palatine. The improvements are very necessary if the church is to function properly.

**Musical Entertainers  
To Herald Arrival  
Of New Buick Car**

In keeping with Buick's character as a national institution, the Buick Motor Company has engaged the full facilities of the National Broadcasting Company for the night of Saturday, July 23, at which time it will span the United States and Canada with three special musical programs, featuring such headliners as Roxy and His Gang, Arthur Pryor's Band, and other star ensembles, and carrying to every home the announcement of Buick for 1928.

Local residents are cordially invited by Wm. Busse & Son, Inc., Buick dealers, to visit the Buick showroom and hear the program over the large receiving set specially installed there. Those who do so, or who tune in at home, will have a hand in the making of automobile and radio history; for never before has an automobile manufacturer broadcast his announcement, and never before, except in the case of presidential addresses and the homecoming of Lindbergh has the entire nation's broadcasting network been devoted to a single topic. Since the reception areas overlap very largely, the three programs will be broadcast at different hours, permitting most of the listeners throughout the country to tune in on at least two of the three.

The Blue network of WJZ will go on the air first, from 9 to 10 p. m., Eastern daylight saving time, 8 to 9 p. m., eastern standard time, or 7 to 8 Central standard time, with a program featuring the world famous Arthur Pryor and His Band. While Pryor's Band has been heard through the South during recent months, when it went on the air through Miami, Buick's national wide program marks its first presentation through a National Broadcasting Company chain.

Following the Blue program, Roxy and His Gang will be heard, through the chain of which WEAF is the key station. This program was composed specially for the Buick announcement, and will open at 10 p. m., Eastern Daylight Saving Time, 9 Eastern Standard Time and 8 Central Standard Time.

### Enforcement of Auto License Law Up to the Police

Calling attention to the fact that the veto by the governor of the appropriation for automobile investigators has made it impossible for him to enforce the automobile license law, secretary of state, Louis L. Emmerson today urged sheriffs and police officials to be more active in seeing that all cars have licenses.

"I am informed by reports from various sections of the state," Secretary Emmerson's letter says, "that a large number of automobiles in practically every community are being operated without 1927 state licenses. Most of these, apparently, are cars purchased recently."

"As you may have noticed in the public press, the appropriation for the payment of Automobile Investigators who have been operating out of my office was vetoed by the governor, thus making it impossible for me to continue the practice of co-operating with local officials in enforcing the automobile license laws. I fear this will result in the loss to the state of perhaps half a million dollars in automobile license fees, and as you know that means a reduction of that amount in money available for construction of highways."

"The only way in which this tremendous loss can be minimized is by activity on the part of local authorities everywhere in enforcing the law."

"During the past biennium thirty-five investigators working under my direction warned 61,000 delinquent motorists and arrested 10,000 others. This was in addition to the work done by local authorities co-operating with them."

"It is evident, therefore, that much greater activity by police and sheriffs will be needed now that these investigators have been withdrawn through the action of Governor Small in vetoing the appropriation."

"Your interest in this matter will be of great public benefit."

### Scouts Return From Camp With Great Enthusiasm to Work

The enthusiasm for the Boy Scout camp has increased one hundred fold.

The third period is now in session leaving only the fourth and fifth which are filled to our quota and the sixth which is not yet filled.

All boys who went from Palatine the last period came back with the third highest award given in camp; that of "satisfactory camper." It makes them feel quite proud and why shouldn't they for they had to work for them.

The degree of "Star Camper" has been awarded to three DesPlaines boys, Chas. Brown, Chas. Tansley and Vladimir Napieralski.

Clifford Flanders of DesPlaines received the highest award given any Scout of our Council. The award is that of "Honor Camper." There is only one other award higher and that is "Best All Around Camper" which was won by a Milwaukee Scout.

At the end of each camping period there is a Court of Honor held in which all merit badges and other honors are awarded. This court is held at the last campfire on the Indian mound. This mound was built by the Indians themselves by hauling dirt from the mainland and dumping it into the lake thus forming a peninsula several hundred feet long and about fifty feet above the level of the lake. On this mound the Indians held all their pow wows and awarded their prizes for battle. And so the Scouts are awarding their prizes in a similar manner in the same place. These honors being of peace and helpfulness instead of honors of war.

F. O. Miltzer, commissioner, has spread the roll for the widening of four Arlington Heights blocks of business frontage upon the north side of the tracks. The streets included are Dunton from the Highway to the Presbyterian church corner; Miner street, from Dunton to State Road; Evergreen from the highway to Miner Street. The total cost of the improvement will be \$16,000. No action is being taken at present upon the widening of the streets upon the south side. The new business district north of the tracks will be greatly benefited by the improvement. At present many autoists are unable to park in streets adjacent to such business houses. The improvement will pay for itself in increased property values and business.

### Dodge Introduces America's Fastest Fours

Dodge Brothers, Inc., is today introducing the fastest line of four cylinder cars in America, of which the sedan pictured above is the first available for delivery. These new cars are said to be capable of going 25 or more miles on a gallon of gasoline at average driving speed, and will be priced at levels materially below those at which Dodge Brothers cars of corresponding types have always sold. A coupe and cabriolet roadster will be available shortly.

The picture in the lower left corner shows the spacious rear seat and the ample head room which it affords. At the right is the remarkable motor with which the new cars are powered.

### AN APPRECIATION

Although I have always held a warm place in my heart for the Boy Scouts of America, that warmth has increased to a bright glow. While on a motor trip between Des Moines and Ottumwa, Ia., I had tire trouble, when changing tires I found my jam would not raise the wheel high enough from the position in which it was sitting to allow putting on the new tire. A car pulled by and stopped offering assistance. After furnishing me with his jack and helping to make the change I discovered this young fellow to be a Boy Scout and there was solved the reason why someone should stop to help someone in need. This scout's name was Herbert Schmidt of Ottumwa, Ia., and I hope that all Scouts continue to lend a helping hand to the needy as this young man has done.

Fathers see that your boy becomes a Scout and assist them in every way you can for in Scouting

Miss Myrtle Winkelman spent Sunday at Crystal Lake with friends.

We wish to correct an error in last week's paper regarding the Becker Roofing Co. replacing their damaged roofs free of charge. It should have read the Keystone Roofing Co. instead.

Mr. and Mrs. H. W. Schnadt motored to Waterloo, Iowa, last week and attended a family reunion of the Schnadt family and spent a week with relatives there.

Mr. and Mrs. William Markel of Virginia, Ill., and their daughter Anna and son of Bend, Oregon, are guests of Mr. and Mrs. J. D. Markel and other friends here.

Mrs. Kelley visited Wednesday with Mr. and Mrs. E. L. Smith of Charter Grove who are confined to St. Joseph's hospital at Elgin.

Mrs. Raymond O'Brien left for St. Joseph's hospital Sunday where she will undergo treatment and possibly an operation.

One of the largest crowds of the season attended the Fireman dance at Crest View Saturday evening. 175 couples attended and all had a fine time.

When Mr. A. C. Schick of Wellington avenue at Elgin returned from their weeks motor trip thru Michigan and Indiana Sunday, she found her home under quarantine for small pox. They are now staying with their daughter, Mrs. Wm. Humberbrach.

## WOODDALE

Mr. and Mrs. August Mess entertained relatives from Lyons on Monday evening.

The Owens' domicile was the scene of an unusually large gathering of people Sunday. About forty relatives and friends of the family were entertained.

Mrs. John Prechal was a Wooddale visitor Monday.

Mrs. T. S. Parish is rapidly recovering from her operation at the North Shore hospital.

The William Smith family are entertaining visitors from Chicago this week.

The funeral of Richard Heinrich was held Tuesday afternoon from his home in Wooddale. The service was conducted by the Rev. Grone-wald of Itasca. Interment was at Bensenville.

The golf bug has bitten several of our local men, with such serious results that they should be able soon to join the "Hole in One" club.

The Hoppenstaedt family are entertaining relatives from Beecher this week.

Richard Herman Heinrich, eight year old son of Mrs. Elizabeth Heinrich, lost his life by drowning in Salt Creek Saturday night. He, with his brothers and neighbors, had spent the evening swimming.

When time to go home his brothers called him and expected him to follow shortly. About half an hour later, Walter Pierce, of Elmhurst, while diving, accidentally found his body. He had not been missed up to that time. Every effort was made to revive him but they proved futile. Richard was a manly little chap, and his death is mourned by the entire community.

Billy Nielsen went to Fon du Lac Sunday to spend a few weeks with his grandmother on the shores of Lake Winnebago.

Mr. William Scheidel is improving his property, making extensive repairs on the front of the building. Harold Schroeder has returned from his annual fishing trip. He spent most of his time at New London, Wis.

Woodale Community Club will have an "Old Settlers" picnic of August 21. All old timers are invited to return to Wooddale that day, to get acquainted with the later population.

## Coming Events

A picnic and dance given by the Bensenville Fire Department, Sunday, July 31, Koebmann's Grove and Pavilion, Bensenville, Illinois. Games of all kinds. Music by Nick's Musical Entertainer. Tickets 50 cents a person.

## BENSENVILLE

The Bensenville Booster nine will cross bats with Arlington Heights at the latter place next Sunday. Both teams are composed of top notchers and a real game will be seen by those who attend.

Harry Potter was called to Cleveland, Ohio, by the death of his mother. The entire community extends sympathy to the Potter family.

Miss Isa Miller spent the week-end at the Craigville summer cottage near Fon du Lac, Wis., with the Rander family who are spending their vacation there.

Mrs. Sutherland, of Mason street is visiting relatives in eastern Canada a few weeks.

Mrs. Marian Rands, her mother and Lurell visited at Dave Rands home Sunday.

Mr. and Mrs. Robert DiVall visited her aunt in Oak Park Saturday.

Chas. Scherer's mother accompanied by two of her grand children came from the city Monday to visit at the Scherer home.

Yardmaster, Jess Capoot, returned to work Monday after two weeks vacation. He has held the position as night yard master several years and now holds the day position in Bensenville yards, filling the vacancy made by the recent death of yard master L. Smith. Jess says he thinks that he will soon be able to acquire the habit of staying awake days and sleeping nights although it is some change from the opposite.

We notice the Franzen Hardware company has added another office stool in their office. This looks as though another employee would soon be added to their already large force of clerks and office help. Bensenville business places are growing bigger and better every day and those who have not visited our stores recently should drop in and take notice of their great improvement.

Oscar Franzen and family spent Sunday on the shores of Lake Michigan and all enjoyed a pleasant dip in the lake.

Mrs. Falvey, an employee at the First State Bank has returned to work after two weeks vacation which she spent autoing through the east. Yes she saw Pres. Coolidge's winter home in Washington as well as several other places of interest. Enjoyed her trip immensely.

Mrs. Herman Niss and son Harold of Elgin spent Sunday with the J. J. Lookabaugh family. They all autored to the city to assist Mr. Lookabaugh's brother and wife celebrate their 5th wedding anniversary.

Chas. Shriner of Savannah, Ill., a lifetime friend of the Fox family visited at the Fox Hotel first of the week.

Guy Smith, formerly employed by Mr. Fox when he operated a hotel at Savannah is now employed by Mr. Fox again in his hotel here.

Mrs. S. E. Fox and daughter spent Sunday at Crystal Lake as did many other people from our town.

Anna Gage, of Whittier, Calif., who has been visiting her aunt, Mrs. J. H. Valentine several weeks has gone to Janesville, Wis., for a short visit with relatives there before going to her California home.

Mr. Fred Valentine, who holds a position as chief dispatcher for the C. M. & St. P. R. R. at Austin, Minn., accompanied by his wife and daughter spent the week-end at the home of his brother, J. H. Valentine in Bensenville.

The H. L. Geils Sons Lumber Co. have placed a very attractive electric sign over the office building. Another bright spot in Bensenville.

The parties who take so much pleasure in making the corner of Pine avenue and York street dark by breaking the street light at that place would do the residents of that neighborhood a great favor if they would seek other spots to park their cars and visit where it would not be necessary to destroy street lights. Our new larger street lights have received the comments of many passers by but if the light bulbs are to be continually broken the larger ones are no better than the smaller ones which cost much less to operate.

The Peterson cottage on the corner of Pine avenue and May street has been sold and the present owner has a crew of carpenters making the same into a modern home of much larger proportions.

The Dave Alkin family have returned from a visit in Iowa.

Mrs. Estella Sampson and children are spending this week with friends in the city.

Albert Tompkins, who has been taking a vacation, took his family to the circus Monday. That may be one idea of "How to spend a vacation" but it looks too much like work to suit us. Oh, well they say we are no older than we thought and as long as one enjoys the circus they can't be accused of "getting old."

One block of York street was closed a part of two days the first of the week while the storm sewer gang were laying the big tile under the paving. The Craig construction company are progressing nicely laying the sewer but digging under the paving is slow work and our people can get some idea of why the village board insisted on having the storm sewer all laid before commencing the paving project. Another year will no doubt see both jobs completed and oh what a difference it will make in this fast growing town.

The George Shaw family accompanied by friends from the city spent Sunday at Crystal Lake.

Rudolph Laho and force are rushed with work in his line, he built an addition 24x35 to his hardware store for the tin shop.

The Rudolph Laho family are rejoicing over the birth of a baby girl they now have one son and three daughters. The first three were 4 years apart and 13 years between the last two. The parents plan to give all a good education. Their son will graduate from high school

next spring. Mr. Laho would be a good man to elect on the board of education.

Donald McNahay of Milwaukee, formerly of Bensenville and Terra Haute, Ind., is taking a vacation. He dropped in Sunday for a visit with Edward Shaw and other Bensenville boys. From here he will go to Terra Haute to finish his vacation. Donald, who was a mere boy when he lived here a few years ago has grown into a young man and many friends here were more than pleased to have him visit them.

Born Wednesday, July 20, to Mr. and Mrs. Leslie Knowles a nine pound son. We sure congratulate the young parents and may their little son bring them many days of joy and comfort. Oh, yes papa passed the cigars around to everybody and what a smile he wears. Couldn't be beat.

Tuesday night there was another Weary Willie beat up in the Hobo camp in the west part of town. Dr. Oakes had to dress the wounded man's cuts and wounds and the village marshal gave him a place to sleep away from the rest of the "gang." We are wondering why the village and the railroad company don't clean out that bunch of underbrush on West Main street. It has been a hobo hangout several years and all because of the nice shady place for them to cook up whatever they have been able to beg from people in town. Take out the brush and let the sun shine in and we believe Weary Willie will move out.

## ITASCA

Fred Ollman is a hustling up-to-date farmer. He finished haying Sunday and began harvesting Monday. He has a good crop of barley which he raises, threshes and mixed with oats grinds them together for good feed for his cattle to make high grade milk. His is the first self binder the editor has seen at work this season.

Itasca Masonic club's regular meeting held Thursday evening, July 7th was devoted to the transaction of business matters and practice work.

Mrs. E. P. Leich and daughter Carol and June left Tuesday for Lake Namanagan, Wis., after a 3 weeks visit with her parents and sisters.

Miss Grace Lawrence leaves Friday for a week's vacation on the Great Lakes.

Mrs. E. Knight and Mr. Clarence Knight and family of Aurora were Sunday guests at the Lawrence home. Mr. and Mrs. Hase-mann of Bloomingdale also visited Itasca friends on Sunday.

Mr. and Mrs. Wischstadt, Mr. and Mrs. Ed Ackman and children attended the 25th anniversary of the Evangelical church in Arlington Heights, Ill., on Sunday.

Mrs. Alvina Schmidt of Chicago who has been spending a few days with her sister, Mrs. Wm. Wischstadt left Wednesday for Elmhurst to visit relatives there before leaving for a trip to South Dakota.

Mr. and Mrs. Wm. Liepitz and family spent Sunday with Mr. and Mrs. Luesenhopp at their home on Grand avenue near York street, Bensenville.

Mr. and Mrs. Ackman entertained week-end guests from Waverly, Iowa, over Sunday.

Mr. and Mrs. Wm. Mess and children, Mr. and Mrs. Wm. Schuetz spent Thursday visiting Grassy Lake, Sloum Lake and Lake Wauconda.

The Y Knob club met Thursday evening at the home of Mrs. Stanley Chesman. Mrs. Leich of Carrollton, Ill., was the guest of honor.

Mr. and Mrs. August Goodie and Mr. Frank Slanker motored to Milwaukee on Sunday and visited at the home of Mr. and Mrs. Alvin Wilk.

Dr. and Mrs. Schroeder and family are enjoying a motor trip thru Minnesota and points further west.

Mr. and Mrs. Masonbrink and daughter Lois of Bellevue, Ill., visited her parents, Mr. and Mrs. Kuecker on Sunday.

Maple Avenue is bright and shining with new coats of paint on four of the houses.

Mr. and Mrs. Frank Schneider, Niels and Alice spent Sunday afternoon in Ontarioville with the Pierces.

Mr. and Mrs. Weise and daughter spent a two weeks vacation in Virginia at her mother's home.

Mr. and Mrs. Sautlen enjoyed an outing at Lincoln Park on Sunday.

Miss Rose Meyer of Des Plaines is spending her vacation with Erma Benninger.

Matters of importance to the fraternity will be taken up at a special meeting of Northern DuPage Lodge No. 1147, A. F. & A. M. on Friday evening, July 29th, in the hall at Bloomingdale. Every Mason in the community is urged to attend.

Two cars collided in front of Rosen's Ice Cream parlor Saturday evening causing considerable damage to the cars but none to the occupants.

Mr. Hellyar of Chicago has his new house on Rush street well under way.

Mr. and Mrs. Paul Degenkolbe, Jr., and family motored to Lake Geneva Sunday.

The Daily Vacation Bible school is under full swing now. Fifty-one pupils and twelve teachers is the enrollment to date.

Albert Broker took the older boys of the school to Chicago to see a big league baseball game Tuesday. They saw the White Sox play the Washington Senators. It was the first big game any of the boys had seen and coupled with the trip in Mr. Broker's big car it made a wonderful afternoon for the boys.

The girls are going to Beverly Lake for a picnic and swim the last of the week.

## TOO MANY

Lots of people believe in religion until it comes time to pay the teacher. Lots of them believe in law enforcement as long as the other man pays for having the laws enforced.

BOARD OF REVIEW  
IN STATEMENT TO  
PROPERTY OWNERS

On account of certain erroneous statements appearing in some of the Chicago newspapers the Board of Review of DuPage County deems it advisable to publish in the various newspapers of the county the following facts:

The Laws of Illinois provide that in four years there shall be a revaluation of all taxable property in the county. This being the year for this regular quadrennial revaluation for the years 1927-28-29 an extraordinary effort has been made to make it fair and equitable so that properties that may have been overvalued or assessed at excessive value may be reduced and properties that heretofore have escaped taxation or have been assessed at ridiculously low figures may be increased. The plan in operation is to determine a fair cash value; 25 per cent of which is used as the full value for taxation purposes; one-half of such 25 per cent or 12 and one-half percent of the actual cash value is to be the assessed value on which to pay taxes.

For instance if a citizen should own a house and lot the fair cash value of which is \$8,000.00; 25 percent of the same or \$2,000.00 would be taken as the full value for taxation purposes; one-half of said 25 per cent or 12 and one-half percent of the fair cash value which in this case would be \$1,000.00 is the amount upon which the citizen pays his taxes.

When the fact is considered that there are over 100,000 parcels of land to assess in our county, it is but reasonable to expect that some erroneous valuations will be made. Any tax payer after examining the published list may, if he or they believe they are excessively assessed, file a complaint with the Board of Review, blanks for which can be obtained upon request, August 1, 1927, however is the last day for filing such complaints.

The Board of Review is in receipt of many inquiries as to what the rate for 1927 will be, which question it is unable to answer for the reason that no one knows what the rate will be until after the Illinois Tax Commission certifies the valuation to the County Clerk.

The County Clerk then computes the rates according to the amounts levied by the various taxing bodies such as state, county, maintenance of Highways, County Roads, Bonds, Forest Preserve, Town, Road and Bridge, Hard Road, Sanitary District, Village or City, High School and District School.

The Board of Review wishes to treat all property owners fairly and impartially and will be glad to consider any complaints rendered and give due consideration to the cause for complaint. August 1, 1927 however is the deadline. So if any citizen has any grievance concerning his assessment as appears in the published list, it behooves him to file his complaint at once.

The Board of Review of DuPage Co.

N. W. Lies, Chairman,  
C. Edward Stoss, Secretary,  
J. R. Foster.

Pulling Bensenville  
Out of the Mud

From all the street talk one hears it appears that a portion of the citizens of our progressive town are very much against the improvements that are now under way. They cry that it costs too much. We are always advised to look ahead, but we believe that in particular case it might be well to look back a few years when both Bensenville and her sister town, Elmhurst, were in mud up to their necks (as the expression goes). Today if Bensenville people want to enjoy a good ride they take our own paved York street south to Elmhurst where they can drive for miles on pavement and view beautiful homes that a few years ago they could barely get past in wet weather with a horse and buggy. They can see where property values have in many cases doubled and many of the owners of these homes would not even consider an offer on their property at this time. As we view it Bensenville people have waded mud long enough and while it will take some self denial on the part of our citizens to meet the assessments as they come due why not begin saving for that purpose right now instead of putting up the holler that we should wade mud till we had the ready cash to pave the streets. How many families today who own their own homes would have owned them now if they had waited till they could have paid cash for them? The man who sells his home in any town because he can't wait to pay for the improvements should never return to that same town in after years and see what his former home would sell for. The effect might make his a subject for an asylum. Our storm sewer is about completed and this will be of but little use until we get the paving. Now to look into the future. Pave every street in Bensenville, get a real street lighting system, train service every hour, a house on every lot, and who could ask for a prettier, healthier, place to reside than right here. What would a modern residence sell for then and how many city people would quickly move to this suburban town? You can't keep a good thing down so why not boost it and acquire it that much quicker? Sure we want Bensenville up out of the mud and placed high on the map of old Illinois. But we must all help and deny ourselves of some of the unnecessary things of life for a short while to get there.

If Grover Cleveland Bergdoll does fly back to the United States he need not worry for fear that his arrival will pass unnoticed.

## FRANKLIN PARK

Mrs. A. J. Martin has returned to her home in Minneapolis after visiting her brother Mike Flynn and family. We are pleased to report that Mrs. Mike Flynn is recovering her health.

Franklin Park Minstrel club has changed their name to the "Gloom Chasers" and are practicing for a play to be given soon at St. Gertrude's hall. Watch for it.

St. Gertrude's parish are planning to give their beloved priest, Father Liewer, a royal home coming welcome on his return from Europe.

The same sun burned bunch will go to Wauconda Lake again Sunday, Mike is the captain.

If we had a few more patriotic citizens like Ben Nation we would soon have all the modern improvements, paved streets, etc., at moderate prices.

Read the Beacon for live local news every week in the year. This paper sells on its merit, it don't fool people on promised prizes.

Mr. and Mrs. Wm. Mahler and daughters Marian and Marlis are visiting friends in Nebraska.

Mrs. Orville Ellsworth left Saturday for Hays, Kansas, where she will spend the summer with relatives.

Special notice: Don't forget that regular services will be held at the Community M. E. church Sunday, July 24. On account of the pastor's absence (this being his vacation) Rev. C. D. Bullock, pastor of the M. E. church in Franklin, S. D. will preach both morning and evening. Rev. Bullock will also preach the next morning and evening Sunday, July 31. The pastor will be home to take up his regular duties about August 5.

A bunch will be given by the Ladies Auxiliary to the B. of R. T. at the Masonic hall, Ruby street, and Franklin avenue, July 28, at 8 p. m. Admission 35c. Many beautiful prizes.

Mr. and Mrs. J. D. Miller and family have moved into their new home at 2848 Washington street.

Mr. and Mrs. Paul Plaster have returned from an auto trip to Benton, Ill., where they visited relatives a week. Mrs. Plaster's mother came home with them for an extended visit.

Mr. and Mrs. T. J. Callahan spent their two weeks vacation with Mrs. Callahan's mother and family, Mr. and Mrs. C. B. Gray at Baltimore, Md.

Miss Margaret McGowan is spending her vacation from duties at the telephone office with relatives in Minneapolis. She will be gone two weeks.

Miss Dorothy Carmen is quite sick of potomane poisoning.

Geo. Nachowitch, Jr., has been absent from his duties as driver for Wilcox Transportation Bus Co. several days on account of sickness.

Mrs. T. J. Callahan went to Sycamore, Ill., Tuesday and spent two days with relatives and friends.

The Wm. Mahler family left Thursday last week on their vacation trip. They will spend a few weeks in Canada while Marian and Marlis are to visit relatives in Nebraska.

Mrs. B. J. McEvoy has been sick a few days.

Mrs. Krisky an old resident of Franklin Park, who lived in the northwest part of the village, died Thursday after a short illness and was buried Saturday morning in St. Joseph cemetery.

St. Gertrude's church gave a bunch Friday in the church basement for the benefit of Mr. John Flarin who was injured several weeks ago by being knocked down by a bicycle rider. He has been confined to his bed ever since and his improvement is very slow. He lives in the west part of town and came here several years ago. His many friends hope he will soon recover.

Friends of Miss Helen McEvoy are sorry to know she is spending her vacation in Minneapolis in Mayo Brothers hospital where she underwent an operation for appendicitis. Her sister Mrs.

### MT. PROSPECT

The bunco club met at the home of Mrs. Rateke on Wednesday evening, July 13th. A pleasant evening was spent and those who were fortunate in being winners were awarded a prize.

Rev. J. E. A. Mueller and Mr. Henry Ehard have left for a three week vacation which they will spend at Yellowstone Park.

This week the grocery and meat market owned by Mr. Fred Meeske will move into its new quarters, just two doors north of its present location. Mr. William Busse, Jr.'s general merchandise store will also be in its new home within the near future.

With the vacating and remodeling of this building we can see another step in the growth of the community. When the present building was erected it was considered amply spacious for all the needs of the village and indeed it was, but with the recent growth more space was urgent. But not only has the growth of the neighborhood alone made this improvement and expansion necessary. The business men themselves through cheerfulness, courtesy and good values have made these places of business not only convenient but also a pleasure to trade at. So as we look into the future may we see continued cooperation existing between these business men and the residents of our village.

The E. Bjornberg family of Emerson avenue are quarantined with scarlet fever.

The Sunday morning sermon of St. Paul Lutheran church was delivered by Rev. C. Eisefeld. On next Sunday he will deliver the sermon at the Lutheran church of Glenwood.

Mr. and Mrs. Frank Bierman left on their vacation last Sunday. They have gone to Minnesota.

Mr. William Kirchhoff has taken a trip to his farm in South Dakota.

Mr. Al Gahl formerly "our Al" the comedian, will venture a new undertaking on Saturday, July 23. He is going to set sail on the sea of matrimony with Miss Minnie Klevesahl, at St. John's Ev. Luth. church, corner Hoyne avenue and Walton street, Chicago. A reception will follow at the Chicago Norske club, 2350 N. Kedzie Ave.

We wish "our Al" much happiness in his wedded life.

Coincidentally the parents of Mr. Gahl will celebrate their Golden wedding anniversary the same day.

Mrs. C. Baldwin from Winnebago paid a visit to the Eisefeld and Noll families this week. Incidentally she is a member of the parish where Rev. Arthur Eisefeld, also a son of Rev. C. Eisefeld is pastor.

The pavers will be out of the populated district on the south side this week and the second crew has started paving in the eastern addition, where they expect to make considerable headway. The time is here and they are showing what real progress means and it is pleasing to every resident of our village.

A number of the streets have already been opened for traffic and everybody is taking an initial trip over the new smooth paved roads.

Through a delay in materials arriving Fred Meeske was unable to get into his new store but the contractors have agreed to have everything in readiness so that Meeske will be in his new store Monday and it may be sooner.

H. Reese & Son have the water

shut off on the east side for a while Sunday so as to make a connection into the mains on Evergreen avenue, believing this day was the one on which they would inconvenience the least people. We hope that we do not find our water shut off very soon again.

Chief Mulso with the assistance of Mr. Gerstner are keeping our main and tank full all the time and keeping the machinery in good state.

Prospect Park Golf Course is a busy place as you can see golfers coming by auto and by train to play on this new golf course.

Shabonee trail paving is in and the auto can drive over this dirt road to the course viewing the new parks installed by Axel Lonnquist.

A good lesson was brought home to our village the other evening when a Nash car struck one of Milburn Bros. trucks which was loaded with men, injuring a number, two very seriously. Monday night a Ford car at the corner of Central and Main. In this accident no one was hurt which was a fortunate thing but a Stop & Go light yet the motorists pay no heed. Are this warning signals a mere display or are they put there to protect life and property? They are there to protect the motorist and the motorist should appreciate them.

The building program is still on the upward trend and new homes are going up on all sides. It seems that all the building public was waiting for was the streets which being in, have satisfied them to the extent that they will live in the best little village in Cook county.

The merchants of our village all wear a smile with business as it is and everyone predicts property to be with us for a nice long time.

Mr. and Mrs. Fred Bierman, Mr. and Mrs. Frank Bierman and children have started on a trip to Minnesota where they will visit friends and relatives. They expect to be gone about two weeks.

August first is the day Albert Busse will display the new Buick line and he states he is informed it is to be a real line of good Buicks that will maintain the present standards of quality.

Black Hill Indians are trying to decide on a tribal name for the president. Why not put an addition on the time honored name and call him the Big White Father in Washington now in the Black Hills.

### Young Pastor Is Ordained

Sunday, July 17, at 7:30 p. m. one of the most impressive services ever held in Mt. Prospect church took place. It was an English service and also the ordination of Rev. Walther Eisefeldt. Rev. Karl Eisefeldt, father of Walther, ordained his son with the assistance of the Reverends J. E. A. Mueller, F. L. Gehis, of Elk Grove, Rev. Noach of Arlington Heights and Rev. Luecke of Norwood Park.

This event was a double one for Rev. Eisefeldt, Sr., as it was 50 years ago this same Sunday in Trinity that he was ordained pastor by his father. The congregation witnessed something that is not a usual event and it was as well an extraordinary impressive one. Rev. Walther Eisefeldt has received a call from Melville, Canada, and it is to this congregation that Rev. and Mrs. W. Eisefeldt will go.

A reception followed at the home of Rev. and Mrs. Eisefeldt and Mr. and Mrs. Herman Noll. Friends and relatives joined to wish the young pastor and his wife joy and contentment in their new home and surroundings. Among the guests were friends from River Grove, Forest Park, Norwood Park and Maywood.

Rev. Eisefeldt was graduated from the Lutheran Theological Seminary at Springfield, Ill., June 10, 1927. On June 29th he entered the holy bonds of matrimony with Miss Martha Yager of Joplin, Mo.

Rev. and Mrs. Eisefeldt expect to leave here about July 26th.

### EAST MAINE

**Birthday Celebration Marked By Family Reunion**

George Steil was most delightedly surprised Sunday when the relatives of the Steil family from far and near came to help him celebrate his birthday and incidentally have a reunion of the Steil families. They were all descendants of John, William, Barney and Dick Steil, who came from Germany in 1850 and settled in Maine township. The oldest member of the family party was Mrs. Mary Steil, aged 79 years, while the youngest was Bernice Stoll, her great-grandchild who is 5 months old. "The young folks found their own forms of amusements" in outdoor sports while the older folks enjoyed cozy chats and reminiscences of by-gone days and the ever changing present. The guests came from Lake Zurich, Wilmette, Chicago, Des Plaines, Glenview and East Maine. All enjoyed the party very much and on departing wished their host many more such happy birthdays.

When West Des Plaines invaded East Maine Sunday afternoon, they almost made good their threat to beat 'em worse than they had been beaten in a previous game when the score stood 14 to 2 in East Maine's favor. Sunday's score stood 18 to 8 in favor of Des Plaines. The East Maine team was weakened by the absence of several of their strong arm regular players and the D. P.'s scenting the situation, sent plenty of long drives out into the weakened outfield for safe hits. Guts and Babbcock were the recruits pressed in to service and what Bennie didn't do in the field, he made up for at bat, landing four safe hits out of five times at bat, one of them a double, and scoring two of the 8 runs himself. He may not be much in size but he's right there in pep and ability and well deserved the applause he was handed by the crowd. The home team gathered their first four runs in the first and second innings and held the lead 4 to 3 until the fifth inning when Des Plaines let loose a bar-

cade of hits and scored 6 runs. In the sixth, "Hack" Ladendorf sent a liner far out into the field for a home run but in the seventh Behrens who was playing first in the absence of Archam followed scoring Ahrens ahead of him. This was Christ's second home in two games. It looked like the traditional seventh inning rally for the home team for a little while for Babbcock and Barnmeister added to the tally making the count 14 to 8. That was all the scoring E. M. was able to do while to insure their six run lead, the visitors added 4 more runs in the ninth. There were many two-base hits and several triples and although somewhat lopsided, all in all, the game was thoroughly enjoyed, but all feel that with the regular East Maine lineup the score would have looked different. As it is, the teams split even on the two games played and a third will probably have to decide the supremacy. A lively and interesting game is booked for next Sunday when the Evanston Elks, a colored team, will come to East Maine to play. Everybody be sure to come out, you will not want to miss this game.

Miss Rita Kath is accompanying Mr. and Mrs. Adolph Netterman of Arlington Heights on an extended motor tour of the northern lakes region. Their first stop was at the Wisconsin Dells.

Miss Florence Belle is convalescing successfully at the Evanston hospital from an operation for chronic appendicitis performed last week.

A birthday party took place Saturday evening at the home of Mr. and Mrs. Henry Ahrens in honor of the Ahrens' two brothers who are making their home with them. A large crowd of relatives, neighbors and friends were present and enjoyed the bunco and card games.

It looks as if East Maine were destined to have a radio broadcasting station within its territory. The Nelson Brothers Company of Chicago have purchased 10 acres of land from Ernest Jakes, intending to utilize it for that purpose. The 10 acre plot is located on Highland road adjoining the Jakes' property. The plans of the immediately.

"Peaches will be high," says a produce market letter, "Daddy" Browning probably agreeing.

put his \$50 in notes, while the  
Jew deposited his check for \$150,  
taking out the \$100 cash for his

program, special literature and  
church papers. Mrs. Kleemann of  
Barrington, chairman of the relig-  
ious work. The awakening and  
cultivation of spiritual life, by  
means of family devotions, Bible  
study, prayer and divine worship.  
Mrs. Wm. Meyer of Hanover  
township, the chairman of Mission-  
ary Education, spoke on the value  
of presenting missions in regular  
study classes. She urged prayer  
for the support of missions and  
gave statistics of the blessings  
Christianity has brought to those  
who accepted Christ.

The Christian stewardship com-  
mittee chairman being absent the  
president gave brief remarks about  
the work. Christians are stewards,  
care takers of life, time, possessions,  
that God has blessed human-  
ity. The practice of Christian-  
ity is stewardship is by making our  
stewardship, supporting the local  
church the synod, and Christian  
sharing of all life as well as pos-  
sessions.

Mrs. F. C. Holste of Northbrook  
chairman of membership and fel-  
lowship spoke on winning women  
for service and Christian coopera-  
tion; by enlisting women in local  
societies, and bringing local soci-  
eties into federations and the pro-  
motion of fellowship spirit among  
women.

Mrs. Born of Palatine spoke on  
social service. Her remarks pertained  
to benevolent work in congre-  
gation, community and denomina-  
tion, human welfare work through-  
out the world.

A business meeting followed the  
reports of the committee chairmen  
and the meeting closed in the usual  
manner.

Palatine's hospitality in general  
and St. Paul's hospitality in particu-  
lar, made itself evident in the  
luncheon that was served the vis-  
itors. The room was very prettily  
decorated with many bouquets of  
garden flowers and the dining room  
had a gardenlike appearance. In re-  
turning to their homes, the ladies  
expressed themselves as having had  
a helpful, inspiring and enjoyable  
afternoon as the guests of the so-  
ciety of their president, Mrs. John  
C. Voeks.

The other officers of the feder-  
ation are: F. C. Holste, Wil-  
mette, vice-president; Mrs. F. Ru-  
gen, Glenview, recording secretary;  
Mrs. F. Piepenbrink, Deerfield, fi-  
nancial secretary; Mrs. Geo. Goeb-  
el, Des Plaines, treasurer. The ad-  
visory board consists of Rev. Armin  
Bizer of Northbrook and Rev. E. A.

## New Buick A New Vogue In Motordom

Beauty, style and luxury which create a new vogue in motordom distinguish the entire line of Buicks for 1928. Low swung and rakish, the new Buick elicits gasps of admiration at first glance, and the deeper the investigation, the warmer the response.

In the models which Buick is presenting today it sets a precedent. Every model of the 16 comprising the Buick line is as luxurious as a fine drawing room, as tastefully appointed, as painstakingly executed, and as comfortable. Seat cushions and backs have been shaped with the same regard for comfort as makers of high grade furniture bestow upon their finest offerings. The upholstery is selected by the world's foremost body engineers, in keeping with the highest dictates of modern interior decoration, and is applied in a manner of which the most fastidious owner may well be proud.

A striking improvement in the general appearance of every Buick interior results from the new color scheme adopted for the Buick line for 1928. Contrasting colors are used, the seats taking a different shade than the side walls and head lining. The material used is a special fine quality mohair plush, with short and very durable close woven nap. All closed models are fitted with arm rests which add to the car's comfort as well as to its completeness.

Harmoniously combined Duco colors, emphasizing the stylish low contour of the cars, and resplendent with heavy nickel on radiator, bumpers, lamps and trim—this is

the exterior of the Buick for 1928. Greens, blues, tans, gray, brown and maroon, all used in combination with black, and set off tastefully with brightly striped moulding, make up the Buick color list. A new development adding to the beauty of the new Buicks is the handsome washable top material, of light color, applied to several of the de luxe models.

One of the pleasing features of the new sedan bodies is the elimination of the vertical moulding at either side of the rear body panel. This change produces a sweeping effect which emphasizes the car's low-slung grace, a result to which re-location of other mouldings also contributes.

All Buick models for 1928 are wider and roomier, and all present new roof lines which help to account for their stylish appearance. All have clear vision fronts, achieved by narrowing the windshield side pillars and the horizontal top bar. As with its other improvements, Buick has gained better vision without sacrifice of any desirable quality. The pillars are still of the famous Fisher wood and metal.

Viewed from any angle, Buick for 1928 displays a beauty, grace, and thoroughgoing luxury destined to extend its already remarkable conquest of the fastidious. Yet beauty is only one of the new Buicks outstanding qualities. Performance, long life, and riding comfort entirely consistent with this beauty give Buick stronger ground than ever for its claim to value beyond compare.

### Valuable Compound

Water glass is derived from silica, calcined soda and powdered coal heated together in a crucible. The molten mass is powdered when cold and extracted with water, followed by evaporation of the water. It is used in making fireproofing, cements, paints, filling for soap, dyeing and bleaching, preservatives for eggs, abrasives, etc.

### Judicial Vengeance

In Abyssinia murderers are executed in a little hut wherein they are tied to a post, rifles are trained on them through tubes in the wall, and the triggers are pulled by relatives of the murdered man.

### Tapestry Warp

Usually the warp in tapestries is of hemp. The pattern is usually made of colored wool threads, although threads of gold and silver are sometimes added to give richness. Silk is used in China.

### Simple?

Making people happy is a simple business. Fill the child's stomach; fill the woman's wardrobe; fill the man's purse.—San Francisco Chronicle.

### International Sea Law

The international law by which the neutral zone of the sea was defined as three miles from the shore of any nation was a part of the discussion at The Hague conference in 1907. Formerly the neutral zone commenced at the length of a cannon shot from either vessel or from a fort of the harbor of the nation.

### Canoes Compared

The Suez canal is the largest canal in the length of miles, its length being 90 miles. The Panama canal, however, is the deepest and widest canal with a depth of 45 feet and a width of 300 feet.

### Optimist's View

Friend who is pessimistic drops in to say there are more liars per square mile nowadays than at any time in the history of the world. Well, an optimist would say: "Population's increasing."

### Early English Alphabet

Bacon speaks of the alphabet as containing only 24 letters because J is a variant of I; U is a variant of V. In Bacon's day they had not definitely become separate letters of the alphabet.

## THE WALTHER LEAGUERS IN CONVENTION

(Continued from Page 1)

**Tuesday Session**  
The opening report and message of the morning session on Tuesday was given by the Rev. E. Umbach, acting secretary of the Junior Department of the International Walther League.

**The Junior League Today**  
Pastor Umbach stated, "Today the Junior Walther League consists of 364 Junior societies located in all but one district of the League with a total enrollment of 9360 active, 888 passive, and 380 honorary members."

The program of Junior work today embraces Bible study, educational endeavors, missions, charitable endeavors, aid to the home church, recreation and Christian fellowship. This program is prompted in all Junior Societies by the Junior Department at the General Office of the League operating through district Junior Committees, which direct the Junior work in their respective districts.

That the program has successfully met a general need is demonstrated by the remarkable growth in the number of affiliated societies which the Junior Walther League has experienced during the five years of its existence. In the February 1923, issue of the Concordia Junior Messenger the first enrollment of Junior Societies was announced, thirty three Junior societies being listed in the Field Secretary's report.

By the end of the year this number had grown to 154; at the end of 1924 to 224; in 1925 to 273; in 1926 to 333; and now to 364. Nor is the field exhausted today for the 10,000 members of the Junior Walther League form only about one eighth of the total number of Junior boys and girls belonging to the Synodical Conference. And while many of these not affiliated with the Junior Walther League may be member of a senior society and thus hold league membership, nevertheless, the percentage remaining is large enough to warrant continued organization efforts for some time to come.

First, That they be commended for meeting their financial obligations so well.

Second, That they be encouraged to continue their splendid record in the future; and

Third, Determine that all dues remitted by Juniors during the coming year be used for further developing the work of the Junior Walther League.

**Wednesday Session**  
The annual report of the committee on Bible study was presented by the Rev. P. G. Prokopy of Chicago.

Wednesday morning devotional exercises were conducted by Rev. H. F. Gerecke, the pastor of Christ Lutheran Church, St. Louis.

The opening address of the morning session was given by Rev. J. M. Bailey, secretary of the educational department.

Pastor Bailey in appealing for a larger program and general expansion of the educational work of the Walther League, stated in part: "At the same time we have stressed, emphasized, even more prominently, the fact, the need of our church is not only educated leaders, but educated followers. It takes a man or woman who has been educated in the fullest sense of the word to actually take a place in the ranks of an organization and bear the brunt of the conflicts and to take the raspings of harping critics and still work along eagerly and determinedly for their goal. It is education that upholds the ideals and the objects of the Walther League. And God has blessed this phase of our work with success."

The resolutions committee thereupon presented a statement upon higher education which was unanimously adopted.

An interesting discussion was then held upon the floor of the Walther League in which various representatives of young people throughout the nation denounced various magazines which made a practice of issuing salacious literature merely in order to gratify a sensation loving public.

Mr. Eugene Wengert, District Attorney, Milwaukee, was then introduced as the principal speaker of the morning session. In presenting his subject "The Church and Politics," Mr. Wengert presented a powerful argument for the strict separation of church and state. In quoting the bible as supporting this view he stated, "This is good political science. This is the political science of St. Paul himself and it certainly is good politics and nowhere has St. Paul said that the church as an organization should enter politics." In this particular connection he de-

## Residents Invited To Inspect Buick

Residents of Mt. Prospect, and vicinity are cordially invited to visit the show room of Wm. Busch & Sons, Inc., dealers, next Saturday night, and hear the famous Arthur Pryor and his Band, Roxy and his Gang, and the rest of the Buick Motor Company's special announcement program, which is being broadcast from coast to coast, also to see the new 1928 Buick Models, now on display. The three broadcasting networks of the National Broadcasting Company have been engaged, for an hour each, to span the continent with special music heralding Buick for 1928.

Never before has an automobile manufacturer utilized broadcasting facilities in connection with his announcement, and never before, except in the case of presidential addresses and the homecoming of Lindbergh, has any feature, commercial or otherwise, monopolized the great nationwide broadcasting network. Buick's action in engaging the three great broadcasting chains was consistent with Buick's leadership in the automobile world, a leadership which changes any Buick announcement with unique interest.

Those who prefer may tune in at home on any or all of the three Buick special programs. The Blue network, through its key station, WJZ New York, will go on the air at 9 to 10 p. m., Eastern Daylight Saving time, 8 to 9 p. m., Eastern standard time, or 7 to 8 p. m., Central Standard Time, with a program by the famous Arthur Pryor and his Band. The Red will follow, one hour later, with that Radio listeners' favorite, Roxy and His Gang, over WEA and affiliated stations, and the Pacific network will start at 11 p. m. Central Standard time, broadcasting a concert orchestra program, also specially arranged for the Buick announcement event. Each program will last one hour. Since many of the stations of the three chains have overlapping territories, of reception, it will be possible for thousands of listeners to tune in on all three programs.

In listening to all or any of the three great special musical hours sponsored by Buick, the public will in a sense participate in the making not only of automobile history but radio history too, for tonight's evening of broadcasting, like the Buick for 1928 which it heralds, is entirely without precedent.

nounced especially the effort upon certain parties to force their views concerning blue laws universally upon the American people. He stated, "Take for example, the blue laws, the use of tobacco, and many other and similar questions. Why should the great body of American churches attempt by compulsion to force their view concerning Sunday activities upon the Lutheran, the Catholic, the Jew. That it is wrong to play baseball on Sunday, or that it is wrong to play a game of golf on Sunday is their church's interpretation of keeping the Sabbath. It certainly is not a political issue. My conscience is not afflicted when I do this. I can do these things and justify my conduct perfectly with the will of God and the Bible. Here is clearly an attempt to impose the church's viewpoint as to right and wrong upon the conscience of the nation. The church in this respect attempts to compel me to do something that is not wrong for a political reason, but only because that particular church believes it is wrong. I believe I have a perfect right to smoke a cigarette, if I please. Yet, because some church organization holds this is wrong from their point of view, immediately the whole question is projected by it into the political arena and they clamor for a law compelling men to desist from smoking cigarettes. These questions as to blue laws have not been determined by the political standard of right or wrong, good or bad, but solely and purely as a religious issue. I say this violates the first amendment of the constitution. They have imposed upon me a law respecting my religion. If such a law is not a violation of the constitution in letter it is certainly a violation of the constitution in the spirit."

*Announcing*  
**NEW BEAUTY—NEW COLORS and  
Surprising  
Price Reductions!**  
—made possible by the efficiency and economies of  
the world's newest and finest motor car factory

Enriched in beauty by new and fashionable color combinations and offering all those amazing qualities of performance and luxury which have sent Pontiac Six popularity to record-breaking heights—

—Pontiac Six is announced today at new low prices on every body type!

This surprising price reduction comes at a time when Pontiac Six Sales have been surpassing all previous records—and is made possible only by the economies of increasing production in the new \$12,000,000 Pontiac Six Plant, which in facilities for efficient quantity production and precision manufacture, represents one of America's industrial achievements. As a result, manufacturing costs on the Pontiac Six have been reduced.

So now at a base price of only \$745 Pontiac Six offers the following features which constitute definite

assurance of lasting satisfaction and which are obtainable in no other low priced six: (1)—Bodies by Fisher—with all the Fisher advantages in styling, comfort and safety. (2)—The smoothness, power and snap of the largest engine used in any six priced up to \$1,000. (3)—The endurance and stamina assured by an oiling system which forces 250 gallons of oil an hour through the engine at 35 m. p. h. (4)—The convenience and luxury of such features as tilting beam headlights with foot control and Fisher VV windshield.

These are four great factors of satisfaction which every buyer of a low-priced six has the right to expect. Yet not one of them is provided on any other six, at or near the new low prices of the Pontiac Six. See this triumph of efficient production and advanced design which makes possible the enjoyment of six-cylinder performance and Fisher body luxury at the lowest price in history!

## Tire Repairing It's the Last Mile That Counts

Suppose one of your tires has given good mileage and then an accident happens—are you going to toss on the scrap heap all the rest of the mileage you paid for?

No—not if you bring your crippled tires to us for inspection and repair.

We are expert tire rebuilders—with a long list of boosting customers, because we use modern methods and good material—Goodyear.

And the cost is way low.
